

Plasma / LCD 智能化 Turns over Lift Series

22-52" Plasma / LCD TV

UDL-B Series Plasma / LCD Rotating Lift

A, Product explanation:

The UDL-B series plasma/LCD TV turns over the lift table is this company newest development new product. Is the UDL-A series turn over lift table improvement the new product. The be ultra-thin design, the structure is advanced, movement steady, low noise, achieves the hideaway effect completely.

B, The product principle showed:

- 1, turn over: The left and right both sides installment has two worm gears, the worm bearing adjuster decelerators, leads synchronized revolving by two motors, The belt plays the inverting action.
- 2, fluctuation: When turns over to establishes the position, the fluctuation electricity motor drives the reel. Thus the drawing plasma/LCD TV rises and drops

3, Installs the request:

The height is between true ceiling and false ceiling : 350mm Least(600mm or above best)

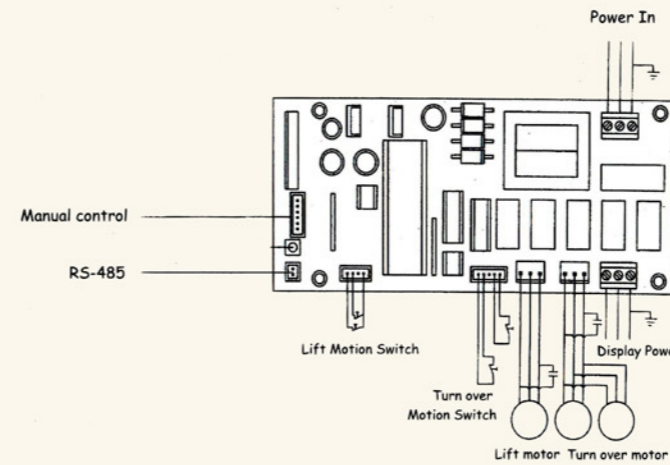

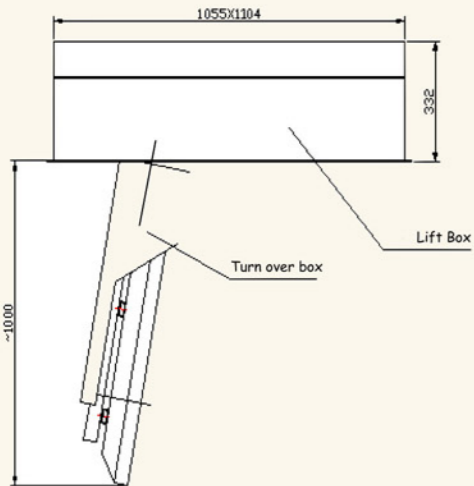

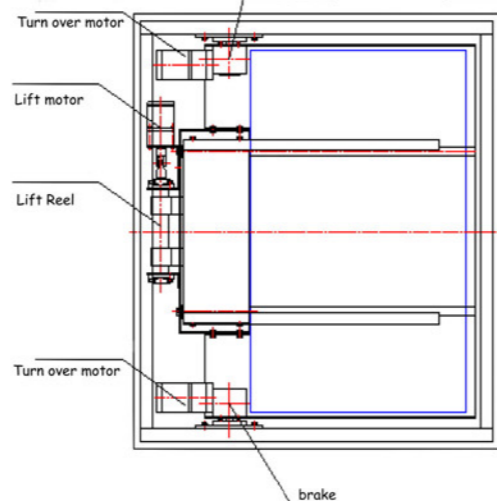

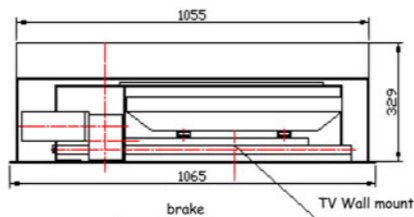

Coordinate installment: With 6 pcs of M10 pulls explodes the screw to fix at ceiling, 1 pcs of M10 pulls explodes the screw to be possible the load weight 200 pound.

- May install 22-52" LCD TV lift

Dimensions

| Model | (depth) x (width) x (thickness) | Load weight |
|---------|---------------------------------|-------------|
| UDL-42A | 1100 x 1200 x 335mm | 50Kg |
| UDL-37B | 1060 x 1110 x 335mm | 50Kg |
| UDL-42B | 1130 x 1210 x 350mm | 50Kg |
| UDL-52B | 1300 x 1350 x 380mm | 60Kg |
